V. OTHER COMMENTS

1. Is there anything you would have wanted more of? If YES, please specify.

1- Discuss the training of teachers from different countries working in prisons, to agree a model of optimal training for teachers
 2- I would have liked to have more time to socialize with the other partners
 3- I wish more time for the meeting, two days of work aren't sufficient to discuss between us
 4- There has been little communication between the partners
 5- Being able to be present during a lesson with the inmates. More educational aspects.

2. Is there anything you would have wanted less of? If YES, please specify.

Some aspects of the visit to prison were a little repetitive (functioning, guards' activities)

3. Have you any recommendations for organizing a study visit? If YES, please specify.

- 1- To ask the participants to take notes and ask questions at the end of the presentation (to organize a round table time at the end of the meeting)
- 2- The topic of ON OFF project is "exchanges of methodologies in education of detainees" and we did not fit yet to this topic. It would be important to have exchanges with teachers in prison, so to debate about the brakes, difficulties, methodologies and presentations of supports
- 3- Maybe a Little more involvement on the part of the whole of the organization.

4. Other (max. 5 lines)

- 1- The meetings should provide more time to the pedagogical and methodological aspects of the education with detainees and to exchange experiences.
- 2- EXCELLENT organization!!! We learnt a lot about this experience ,not only about the topics related to Exchange, but also about the way to organize a meeting.
- 3- THE MEETING WAS VERY INTERESTING, ESPECIALLY THE VISIT TO JAIL BUT BETWEEN PARTNERS WE NEVER TALKED A LITTLE
- 4- it was interesting to have contact with staffs from public institutions
- 5- it was a very hard day in prison but very interesting
